It's time for a change

- Our vision of openness, accessibility and responsiveness
- Technology has moved forward providing tremendous opportunity for investing in Lane County.

Our Vision

- A welcoming home page
- Fast, easy access to services and information
- A friendly experience for any screen
- Making sure Lane County keeps us in the know even when we're on the go
- Transparent, accessible, interactive information
- Designed for customer service and quality first
- Leadership in Digital Equity

Technology and Equity

- June 29, 2007 – The first iPhone was released.
- In 2014, HTML 5 standards were released setting the bar for modern website design.
- In 2014, mobile browsing exceeded traditional desktop browsing for the first time. The gap has grown steadily since.
- As technology improves, so do standards and capabilities for digital equity.
- As of today, 2 out of 3 Americans have smartphones and 45 percent have tablets.
- Those with lowest income in our community often times only have access to a mobile browser.

Board of County Commissioners

The Board of County Commissioners legislates and administers County government within the limits of its authority granted in the Lane County Home Rule Charter. The charter grants legislative and administrative power to the full-time, paid five-person board.

Individually, board members may seek to address the needs of constituents and carry out special assignments as the full Board may direct. This program includes Performance Auditing, which provides the board with independent management audits of selected programs within Lane County government.

The Lane County Board of Commissioners regular, or usual, meeting dates are Tuesday and Wednesday. A **"regular meeting"** is a meeting where the board handles the usual day to day business of the county. Sometimes there is not a regular meeting because the week is what is referred to as a **"down week"**. Also depending upon the schedule and nature of board business there may be **"special meetings"** or **"emergency meetings"**. These meetings may be scheduled on the same days as a regular meeting during a down week for the board. A special meeting is a meeting of the board called with at least 24 hours of notice to the public to deal with a specific topic. An emergency meeting is a meeting that is called with less than 24 hours of public notice and is in response to an actual emergency. In an emergency meeting the board can only take action on the matter that is the subject of the emergency. All decisions by the board must be taken in a publicly noticed meeting and in a session that is open to the public. Additional information about public meetings can be found in the *Attorney General's Public Records and Meetings Manual* (2014) and can be viewed on-line [here](#).
