

BEFORE THE BOARD OF COMMISSIONERS OF LANE COUNTY, OREGON

ORDINANCE NO: 21-09

IN THE MATTER OF AMENDING CHAPTER
8 OF LANE CODE TO EXTEND THE TERM
AND FRANCHISE AGREEMENT WITH
COMCAST OF OREGON II, FOR
OPERATION OF A CABLE
COMMUNICATIONS SYSTEM TO
DECEMBER 30, 2022; DELETING AND
REPLACING IN ITS ENTIRETY ORDINANCE
20-04

WHEREAS, the federal Cable Act requires a franchise for operation of cable telecommunications systems and provides for a formal or informal renewal process under the Cable Act; and

WHEREAS, Lane County and the cities of Eugene and Springfield, the local franchising authorities, have entered into a franchise with Comcast of Oregon II, Inc., (hereinafter "Comcast") for the operation of a cable communication system and have designated the Metropolitan Policy Commission (MPC) as the representative of the local franchising authorities in administration of the franchise; and

WHEREAS, Lane County enacted Ordinance 12-07 on October 31, 2007, granting such franchise; and

WHEREAS, Lane County enacted Ordinance 18-09 on November 6, 2018, extending said franchise for an additional period through June 30, 2020; and

WHEREAS, Lane County enacted Ordinance 20-4 on July 6, 2020, extending said franchise for an additional period through December 30, 2021; and

WHEREAS, the cities of Eugene and Springfield, Lane County and Comcast are currently negotiating under the Cable Act's informal process to renew Comcast's cable franchise and the parties anticipate those negotiations will not be completed prior to December 30, 2021; and

WHEREAS, the cities of Eugene and Springfield, and Lane County have determined that it serves the public welfare to extend the term of the current franchise from December 30, 2021 to December 30, 2022,

NOW, THEREFORE, the Board of County Commissioners of Lane County **ORDAINS** as follows:

1. Section 16(1) of Ordinance 20-04 is hereby deleted in its entirety, and replaced with the following:

Duration and Renewal. This franchise and the rights and privileges granted herein shall remain in effect until December 30, 2022, unless terminated sooner under provisions of Subsection (4) of this section. Renewal of the Grantee's franchise at the end of such term shall be governed by and comply with the provisions of applicable law then in effect.

IT IS FURTHER ORDAINED THAT:

Chapter 8 of Lane Code is hereby amended by deleting and substituting and adding new section(s) as follows:

DELETING THESE SECTION(S)

8.005

INSERT THESE SECTIONS(S)

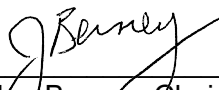

8.005

These sections are attached hereto and incorporated herein by this reference. If any section, subsection, sentence, clause, phrase, or portion of this Ordinance is for any reason held invalid or unconstitutional by any court or administrative agency of competent jurisdiction, such portion constitutes a separate, distinct, and independent provision, and such holding does not affect the validity of the remaining portions hereof.

Nothing herein is intended to, nor acts to amend, replace, or otherwise conflict with any other ordinances of Lane County or any other Code or statutory provisions unless expressly so stated.

The office of Lane County Legal Counsel is authorized to codify this Ordinance and to make any technical changes, not affecting its substance, as are reasonably necessary to accomplish codification.

ENACTED this 7th day of December, 2021

Joe Berney, Chair
Lane County Board of Commissioners

Recording Secretary for this Meeting of the Board

Chapter 8 – COMMUNICATIONS

8.100 – CABLE FRANCHISE

8.100.005 - Metropolitan Area Cable Television Franchise.

(Due to its length, copies of the 10-year Franchise Renewal Ordinance are on file with the Metropolitan Policy Committee, Lane County Board of County Commissioners, Lane County Administrator and Lane County Counsel). [Scrivener note: The Ordinance is also available on the Internet at:

~~https://www.lanecounty.org/UserFiles/Servers/Server_3585797/File/Government/BCC/2020/2020_ORDINANCES/20--04.pdf~~] **(The internet link shown will be updated when ordinance is revised).**

(Ordinance 23-78, 11.3.78; 5-81, 4.8.81; 4-82, 3.10.82; 6-85, 9.17.85; 15-90, 12.7.90; 6-91, 6.6.91; 20-04, 8.6.20)

8.100.010 - Falcon Cable Systems Television Franchise.

(Due to its length, copies of the Franchise Ordinance are on file with the Lane County Board of County Commissioners, Lane County Administrator and Lane County Counsel.) [Scrivener note: The Ordinance is also available on the Internet at:

https://www.lanecounty.org/UserFiles/Servers/Server_3585797/File/Government/BCC/2015/2015_ORDINANCES/14-07.pdf

(Ordinance 6-92, 7.24.92; 14-07, 1.6.15)

8.300 – COUNTY CABLE COMMUNICATIONS

8.300.005 - Title.

This sub-chapter shall be referred to as County Cable Communications.

(Ordinance 15-90, 12.7.90)

8.300.010 - Purpose and Intent.

The Lane County Board of County Commissioners has determined that it is in the public interest and necessary for the promotion of the safety, convenience, comfort, prosperity and general welfare of the citizens of the County to identify the conditions upon which the County will grant a franchise or franchises to construct and operate a cable communications system.

(Ordinance 15-90, 12.7.90)

8.300.015 - Definitions.

For the purpose of this sub-chapter, unless the context requires otherwise, the following words and phrases shall mean:

“Cable Communications System” or “System” means a system of antennas, cables, amplifiers, towers, microwave links, cable-casting studios, and any other conductor, converters, equipment or facilities designed and constructed for the purpose of producing, receiving, amplifying, storing, processing, or distributing audio, video, digital or other forms of electronic or electrical signals.

“Franchise” means the privilege conferred upon a person, firm or organization by the County to operate a cable communications system under the terms and provisions of this sub-chapter.

“Franchisee” means the person, firm or organization to which a franchise is granted to operate a cable communications system pursuant to the authority of this sub-chapter.

(Ordinance 15-90; 12.7.90)

8.300.020 - Authority.

To the extent allowed by law, the Board of County Commissioners of Lane County recognizes, declares and establishes the authority to regulate the development and operation of a cable communications system (hereinafter system) for the unincorporated area of the County excluding areas covered by the Metropolitan Area cable franchise provided in LC 8.005 above, and to exercise all powers necessary for that purpose, including, but not limited to, the following:

- A. To grant by resolution and order, nonexclusive franchises for the development and operation of a system or systems.
- B. To contract, jointly agree or otherwise provide with other local or regional governments, counties or special districts for the development, operation, and/or regulation of a system, or franchises therefor, notwithstanding the fact that the system extends beyond the jurisdiction of the County.
- C. To purchase, hire, construct, own, maintain or operate or lease a system and to acquire property necessary for any such purpose.
- D. To regulate and supervise all facets of a system, including but not limited to:
 1. Consumer complaints.
 2. Disputes among the County franchisees and consumers.
 3. Fair employment practices.
 4. The development, management and control of a government access channel as well as development of other access channels.
 5. Rates and review of finances for rate adjustments.
 6. Construction timetables and standards.
 7. Modernization of technical aspects.
 8. Ensuring adherence to federal and state regulations.
 9. Franchise transfer and transfer of control of ownership.
 10. Franchise renewal and/or franchise revocation.
 11. Enforcement of buy-back, lease-back or option-to-purchase provisions.
 12. Receivership and foreclosure procedures.

13. Compliance with County standards for use of the public right-of-way.

(Ordinance 15-90; 12.7.90)

8.300.025 - Franchise Requirements.

Prior to entering into any franchise agreement, the Board will establish and follow an open and fair process that provides for public input to determine the area to be served, the minimum standards for service, public benefits, including fees, to be provided by the applicants for a franchise or operator of the cable system, and the procedures to be used to select an operator or operators to serve the areas in question. In addition to whatever terms the Board finds to be in the public interest, any franchise agreement shall, at a minimum, provide the following:

- A. Any franchise agreement entered into shall be nonexclusive.
- B. Any franchise agreement shall be nontransferable nor may a change of control or ownership of the operator occur without the consent of the Board.
- C. Any franchise agreement shall be revocable for cause.

(Ordinance 15-90; 12.7.90)

8.300.030 - Intergovernmental Agreements.

The Board may approve intergovernmental agreements as authorized by Oregon law, with any other jurisdiction to provide for the joint regulation and control of any cable communications system operated on a unified basis in more than one jurisdiction. Such agreement may provide for the delegation of any and all powers of the Board authorized in this sub-chapter to a commission provided for in the intergovernmental agreement, except for the powers to enter into or revoke franchise agreement.

(Ordinance 15-90; 12.7.90)

8.500 – COMMUNICATIONS FIBER CONSORTIUM AGREEMENT

8.500.005 - Regional Fiber Consortium.

- A. It is the intent of the Lane County Board of Commissioners to join in the creation of an intergovernmental entity, to be known as the Regional Fiber Consortium comprised of a combination of the prior Regional Fiber Consortium and the Fiber South Consortium, by an agreement to be entered into by Lane County and other units of local government pursuant to the provisions of ORS 190.003 *et seq.*
- B. The effective date of such intergovernmental agreement shall be the date of execution by Lane County.
- C. The public purposes for which the Regional Fiber Consortium shall operate shall be:
 - 1. To assume ownership and control of fiber optic cable obtained by the Consortium, or by any member government, that the government, in its discretion, deems it is appropriate to contribute to the Consortium;

Lane Code

2. To work to develop a fiber optic system, or components thereof, that best serves the public interest in an efficient manner;
 3. To provide a forum for communication and consultation among members and to provide an opportunity for a cooperative and equitable sharing of information regarding the potential for broadband development;
 4. To operate as an independent entity, taking appropriate actions to facilitate the development of improved telecommunications within the region for the benefit of residents of the region;
 5. To acquire such additional tangible and intangible assets as are deemed necessary to fulfill the other purposes of the Consortium; and
 6. To combine the assets of the Regional Fiber Consortium and the Fiber South Consortium, and thereafter use those assets to make the greatest possible advances to telecommunication services within the region comprised by the jurisdictional territories of the members of the former Fiber South Consortium and the Regional Fiber Consortium.
- D. The powers, duties and functions of the Regional Fiber Consortium consistent with the purposes listed in LC 8.500.005C above shall be:
1. Plan for fiber optic system development for the Consortium.
 2. Direct and manage the use of a fiber optic system or systems obtained by the Consortium or its members for the Consortium.
 3. Carry out further responsibilities and functions approved by the Consortium governing body to fulfill the purposes of the Consortium, provided action to amend the intergovernmental agreement shall be taken for those responsibilities or functions that are different than those listed in LC 8.500.005D.1 and 8.500.005D.2.

(Ordinance 8-99, 12.3.99; 11-07, 10.26.07)

ORDINANCE NO. 12-07

AN ORDINANCE GRANTING COMCAST OF OREGON 11, INC., AN ADDITIONAL TERM AND FRANCHISE RENEWAL FOR THE OPERATION OF A CABLE COMMUNICATIONS SYSTEM; AMENDING ORDINANCE 6-91; ADOPTING A SEVERABILITY CLAUSE; AND PROVIDING AN EFFECTIVE DATE.

THE BOARD OF COUNTY COMMISSIONERS OF LANE COUNTY ORDAINS AS FOLLOWS:

Section 1. Purpose. A non-exclusive franchise is hereby granted to Comcast of Oregon 11., hereinafter referred to as "Grantee," to install, construct, operate, maintain, reconstruct, and expand a cable communications system within the public streets, ways, alleys, public utility easements, and places of the County of Lane, hereinafter referred to as "Granter." This franchise shall constitute both a right and an obligation to provide the service of a cable communications system as required by the provisions of this ordinance.

Section 2. Short Title. This ordinance shall be known as the "Metropolitan Cable TV Franchise Ordinance."

Section 3. Definitions. Except when the word or phrase is defined in this ordinance, the definitions in the Federal Act shall apply. The following words and phrases as used in this ordinance shall mean:

"Access Center" means the studio, facilities, and equipment provided for cable casting non-commercial public, educational, and local government programming.

"Access Channels" means those channels required by this ordinance to be kept available by the Grantee for partial or total dedication to public access, educational access, and local government access.

"Basic Service" means any service tier which includes the retransmission of local television broadcast signals including those services described in subsection 5(2) provided by the Grantee for standard installation charge and a regular monthly charge paid by all subscribers.

"Cable Communications System" or **"System"** means a system of antennas, cable, amplifiers, towers, microwave links, waveguides, laser beams, earth stations, or any other conductors, converters, equipment, or facilities, designed and constructed for the purpose of producing, receiving, amplifying, storing, processing or distributing audio, video, digital, or other forms of electronic or electrical signals.

"Commission" or **"Committee"** means the Metropolitan Policy Committee established by Lane County, the City of Eugene, and the City of Springfield or its successor as designated by Lane County, the City of Eugene and the City of Springfield.

"Comparable Systems" means those systems with similar facilities, equipment, channel capacity, age of franchise and system, number of subscribers and population served and competitive environment.

"Federal Act" means the Cable Communications Policy Act of 1984, Public Law 98-549, October 30, 1984.

"Franchise Territory" (Eugene-Springfield) means the area within the legal boundaries of the Grantor, including any areas annexed during the term of the franchise.

"Franchise Territory" (Lane County) means the unincorporated area of the Grantor within the urban growth boundary as designated by the Metropolitan Area General Plan currently adopted by Lane County, the City of Eugene and the City of Springfield; any other areas actually served by the Grantee in Lane County; and any other areas mutually agreed to by the Grantee and the commission.

"Grantee" shall mean Comcast of Oregon 11, Inc., its successors and assigns.

"Gross Annual Revenues" means any and all compensation in whatever form, grant, subsidy, exchange, or otherwise, directly or indirectly received by Grantee for services provided to subscribers within the franchise territory but excludes the following: taxes Grantee is required to separately state and collect from subscribers; commissions paid on advertising sales revenues; amounts received from programmers as reimbursement of marketing expenses and launch fees, and PEG access capital support collected by the Grantee from subscribers if permitted by federal or state law. Except as expressly set forth in this definition, Gross Revenues shall be calculated in accordance with generally accepted accounting principles.

"Monitoring" means observing a one-way communications signal, or the absence of a signal, where the observer is neither the subscriber nor the programmer, where the signal is observed by visual or electronic means for any purpose whatsoever.

"Premium Programming Service" means any programming service other than basic service.

"Rate Schedule" means the charges for all subscriber services.

"Standard Installation Charge" means the cost to the subscriber for connection to the cable communication system in the amount specified in the current rate schedule.

"Streets" means the surface of and the space above and below any public street, sidewalk, alley, easement, or other dedicated public way of any type whatsoever,

now or hereafter existing as such within the jurisdiction of the Grantor.

"Subscriber" means any person, firm, corporation, or other entity legally receiving electronic signals by means of the Grantee's cable communications system.

"Plan Submitted by Grantee" means the service development plan submitted by Grantee to Grantor as part of the negotiations between Grantor and Grantee which preceded the adoption of the ordinance and the plans submitted in compliance with Sections 7 and 13 of this ordinance.

Section 4. Commission Authority. The Commission shall represent the Grantor in administration of the franchise, and advise the Grantor in accordance with the agreement between Lane County, City of Eugene, and City of Springfield which established the commission. Upon enactment of this ordinance, Grantors Lane County, City of Eugene, and City of Springfield shall continue the life of the commission for the duration of the franchise. The form, organization, and powers of the commission shall be determined jointly by Lane County, City of Eugene, and City of Springfield, but the commission shall have at least those powers referred to in this ordinance. Grantee may rely upon notices and communications from the commission. In the event that the Grantee receives contrary or contradictory communications from the commission and the Grantor, Grantee in its sole discretion may either rely upon the communications from the commission, or seek a declaratory judgment or other appropriate relief from a court of competent jurisdiction. In either case as to the matter in question, Grantee shall be relieved of any liability under the terms of this ordinance during the pendency of such proceeding or because of reliance upon the communications from the commission.

Section 5. Services Provided.

(1) Channel Capacity. The cable communication system operated by Grantee at the time this franchise was adopted provides 35 channels of capacity. Before Grantee further increases the channel capacity of its cable system, it shall submit to the commission reports containing relevant information identified in Section 13 of this ordinance no later than 60 days before undertaking installation of equipment to allow the commission to review and comment on the proposal. The obligations of the Grantee and the commission as provided in Section 13 of this ordinance shall apply to these reports and the Grantee's submissions under Section 13 of this ordinance may be in lieu of this requirement if submitted more than 60 days before Grantee undertakes installation of equipment.

(2) Basic Service.

(a) Basic service shall include programming of local, regional and national interest providing in the aggregate a variety of video programming and shall include the access channels. Signals that are part of the basic service shall not be encoded except upon Commission approval, which approval shall not be unreasonably withheld.

(b) At least 30 days before Grantee rearranges, replaces, removes or otherwise offers a particular cable service it shall notify the commission. Such actions by Grantee shall be consistent with sections 624 and 625 of the Federal Act and other applicable law.

(c) Nothing contained in this section shall be deemed or construed to grant any programmer or third party any entitlement to or expectation in a specific channel assignment or location.

(d) In no event shall subscribers be required to subscribe to any other service as a condition for obtaining basic service.

(3) Control Devices. Subscribers to any premium programming service shall, upon request, be supplied with control devices at a reasonable charge to limit viewing of the premium programming service on individual television receivers.

(4) Service to Institutions. Upon request of the Commission, the Grantee shall provide single installations of basic service to each fire and police station, public school, City Hall, County Courthouse, and all public libraries on the terms provided in Section 7(2) of this Ordinance. In addition to the institutions listed above and after August 1, 2008, Grantee shall provide, upon request of the Commission and at no cost, a single installation of basic service to no more than 30 additional public buildings owned and occupied by Eugene, Springfield, or Lane County and located within the Franchise Area and within 150 feet of the then existing system operated by Grantee, except for portions of buildings used primarily to house jail populations. No standard installation fee and no monthly service charge shall be made for the distribution of the services described in this section to these locations.

(5) Access Facilities and Equipment. Commission may equip, maintain, and operate an access center on premises within Grantee's service area selected by the commission after conferring with Grantee and taking into consideration the cost thereof. Grantee shall provide at its expense and upon reasonable notice the necessary connection(s) between its cable communications system and the access center, The Hult Center, The University of Oregon, Lane Community College, Eugene Public School District 4-J, Eugene City Hall, Springfield City Hall and Lane County Courthouse to allow the simultaneous live cablecast of programs on the access channels. These connections do not require Grantee to provide simultaneous communication over a single access channel between the named locations. The commission's access center channel connections to Grantee's cable communication system shall not damage the system nor impair or denigrate the quality of the signal or services provided Grantee's subscribers.

(6) Access Channels.

(a) Grantee shall provide four channels dedicated for public, educational, and local government access programming, three within basic service and one additional channel as provided in subsection (b).

(b) Public Safety Channel. Grantee shall make available continued use of a fourth scrambled channel to the Commission providing public safety programming created by the Commission or its designee. The channel shall reside on Grantee's digital service tier and Grantee shall make available, without charge, use of not more than 75 digital converters to each designated location that shall be configured to receive only the public safety channel. The location of the 75 converters shall be designated in writing by the Commission. Grantee shall provide, at no charge, replacement converters should technology change such that the originally distributed converters are no longer capable of providing access to the channel. The public safety channel as provided herein is the fourth PEG channel required under the franchise prior to this amendment and Grantee shall not be required to provide any other service over this fourth PEG channel.

(c) Grantee shall not be responsible for programming, operations or oversight of any public, educational, governmental, or access channels provided for in this Section.

(7) Emergency Use. In the case of any emergency or disaster, he Grantee shall, upon request of the Grantor, make available its facilities for emergency use during the emergency or disaster period at no cost to the Grantor. The system shall be designed so that viewers on all channels can receive immediate notice of the emergency by way of an emergency override audio or written message or both. To the extent allowed by law, Grantor shall indemnify Grantee from any physical damage to Grantee's system caused by Grantor's use of the system during any emergency cablecast.

Section 6. Rates for Installation and Services.

(1) Schedule of Rates. Grantor and the commission shall not regulate Grantee's rates and charges. However, Grantee shall keep on file with the commission a current schedule of subscriber rates and charges.

(2) Advance Charges. Grantee may require subscribers to pay for each month of basic service in advance at the beginning of each month.

(3) Prohibition of Discriminatory or Preferential Practices. The Grantee shall not, in its rates or charges, or in making available the services or facilities of its system, or in its rules or regulations, or in any other respect, make or grant discriminatory preference or advantages to any subscriber or potential subscriber to the system, or to any user or potential user of the system; and shall not subject any such persons to any prejudice or disadvantage; provided nothing herein shall prevent Grantee from establishing different rates for uniform classes of subscribers or adjusting rates for marketing purposes.

(4) Disconnections, Failure to Pay. The authority given the commission in this subsection does not give the commission authority to regulate rates in a manner prohibited by the Federal Act. Upon Grantee's request the commission may approve

different notice and procedures for subscriber disconnection than are provided in this subsection. In considering Grantee's request the commission shall not unreasonably withhold its consent. .If a subscriber has failed to pay a properly due monthly subscriber fee within 15 days after the due date of the fee, Grantee may cause disconnection of the subscriber's cable installation after 10 days of prior written notice; however, upon payment in full of the delinquent monthly subscriber fee, and the reconnection charge, the Grantee shall promptly reinstate the subscriber's service.

(5) Subscriber Refunds.

(a) If any subscriber terminates, for personal reasons, Grantee shall refund to subscriber the prepayments that are for the period(s) beyond the billing month in which service is terminated.

(b) If a subscriber's cable service is interrupted because of a failure in Grantee's cable communication system which is continuous for more than 48 hours, affected subscribers' monthly charges shall be reduced on a prorated basis by crediting subscriber's account. The percentage of reduction shall be created by dividing the total number of hours of interruption by the number of hours in the month when the interruption occurred. This paragraph shall apply:

(i) To a loss of basic service when all of the signals on basic service are interrupted, and

(ii) When the affected subscriber notifies Grantee within four days of when the interruption was discovered, or

(iii) When Grantee has reasonable grounds to believe that the interruption has occurred.

This subsection shall not apply for the time Grantor uses Grantee's system when authorized by subsection 5(7).

Section 7. Extension of Service.

(1) Service Availability and Request Record. The Grantee shall provide cable communications service throughout the franchise territory pursuant to provisions of this section and shall keep a record for at least three years of all requests for service received by the Grantee. This record shall be available for inspection by the commission or its designee at the local office of the Grantee during regular office hours. If in the judgment of the commission Grantee's regular business records showing such requests is inadequate, Grantee shall comply with the commission's reasonable request to correct the deficiencies in future records.

(2) Service to Individual Subscribers from Existing System. Where a subscriber can be served from the Grantee's existing system, without extension of the trunk distribution cable, the Grantee shall serve the potential subscriber upon request on the following terms and conditions:

(a) The dwelling unit shall be connected to cable at the standard

installation charge if the connection can be made with an aerial drop and does not exceed 150 feet.

(b) If the aerial connection drop exceeds 150 feet, the potential subscriber may be charged the actual cost for the distance exceeding 150 feet plus standard installation charge, and Grantee may request advance payment for such installation.

(c) If the requested installation is to be placed underground, the potential subscriber must pay for furnishing open trench, as specified by the Grantee, backfilling and restoring to original conditions and Grantee may request advance payment for such work.

(d) The potential subscriber shall arrange for all necessary easements over or under private property.

(3) Plan for Extension and Reconstruction of the Cable System.

(a) Attached to this franchise (Appendix A) is a map of the franchise territory clearly delineating 1) the areas within the territory where the cable communications system is now available to subscribers, and 2) the areas within the territory where the system is not presently available, together with a plan for extension which will show when each residential area will have access to the system.

(b) If there are areas within the franchise territory where extension of the cable communications system cannot reasonable be extended because of lack of planned development, or other reasons, then the areas, and the reasons for not serving them, must be clearly identified in the plan report and on the map. All reports and maps shall be made available for public inspection at Eugene City Hall, Springfield City Hall, Lane County Courthouse, and the main local office of Grantee. The plan for extension shall be reviewed at the meetings authorized in Section 16(2) or modified if necessary as agreed by the Grantee and commission. Whenever changes are made as provided in this section, copies of the revised plan report and map shall be made available for public inspection as provided in this section for the original plan report and map.

(c) Nothing in this section shall prevent the Grantee extending the system earlier than planned. However, any postponement of system extension beyond the times specified in the plan report timetable shall require consent of the commission, which shall not be unreasonably withheld. For any extension or reconstruction projects of Grantee's system the estimated cost of which exceeds \$50,000 the commission may require a performance bond or other security acceptable to the commission not to exceed the cost of the project to ensure its completion.

(4) Additional Extension of System. Extension of the system into any areas not specifically treated in the plan submitted pursuant to subparagraph (3) herein shall be as required by subparagraphs (5) and (6) herein. In areas not meeting the requirements for

mandatory extension of service, Grantee shall provide, upon request of five or more potential subscribers desiring service, an estimate of costs required to extend service to said subscribers, and the amount by which said costs exceed what would be the cost of mandatory extension under this section. Grantee shall extend service to any such dwelling units upon advance payment (or assurance of payment satisfactory to the Grantee) of the additional cost. Such payments shall be nonrefundable, and in the event the area subsequently reaches the density required for mandatory extension, such payments shall be treated in full or in part as consideration for early extension of service.

(5) Underground Extension of System.

(a) Installation of System. In cases of new construction or property development where utilities are to be placed underground, the developer or property owner shall give Grantee reasonable notice of such construction or development, including a copy of any final plat, and of the particular date on which open trenching will be available for Grantee's installation of conduit pedestals and/or vaults, and laterals to be provided at Grantee's expense. Grantee shall also provide specifications as needed for trenching.

(b) Costs of trenching and easements required to bring service to the development shall be borne by the developer or property owner, except that if Grantee fails to install its conduit, pedestals and/or vaults, and laterals within 2 working days of the date the trenches are available, as designated in the notice given by the developer or property owner, then should the trenches be closed after the two-day period, the cost of new trenching is to be borne by Grantee.

(c) Activation of Service. Grantee shall promptly provide service upon request at the standard installation rate where the potential subscriber can be served by extension of distribution cable past occupied dwelling units equivalent to a density of 25 dwelling units per quarter mile of cable contiguous to the already-activated system. Such density shall be computed on the basis of dwelling units which can be served on either side of the cable.

(6) Aerial Extension of System. In any area where utility lines are permitted above ground, Grantee shall extend its system and provide service upon request pursuant to Section 7(2) herein, where the potential subscriber can be served by extension of distribution cable past occupied dwelling units equivalent to a density of 25 dwelling units per quarter mile of cable contiguous to the activated system. Such density shall be computed on the basis of dwelling units which can be served on either side of the cable.

(7) Extension of Service by Agreement. Nothing herein shall be construed to prevent Grantee from serving areas not covered under this section upon agreement with developers, property owners, or residents. Any such agreement shall be in writing and filed with the commission.

Section 8. Compliance with Construction and Technical" Standards.

(1) Grantee shall construct, install, operate and maintain its system in a manner consistent with applicable local construction standards, governmental requirements, the National Electrical Code, FCC technical guidelines and the construction and technical practices for Grantee. Grantee shall maintain on file with the commission a current copy of its construction and technical practices.

(2) Grantee shall install its cable, pedestals, and equipment only in streets, public utility easements and private easements and shall maintain such cable, pedestals and equipment in a safe and serviceable condition.

(3) Grantee shall provide the commission with a complete copy or a written summary of the results of Grantee's annual proof of performance tests conducted pursuant to FCC standards and requirements. Grantee shall provide to the commission a complete copy of the annual proof of performance tests upon request by the commission.

Section 9. Use of Public Ways.

(1) Street Openings or Obstructions. Any opening or obstruction in or disturbance of the streets made by the Grantee in the exercise of its rights under this franchise agreement shall be done in compliance with the standard specifications of the Grantor which relate to any party opening or obstructing in or disturbing of any street and all other applicable Federal, State, and local laws, ordinances, traffic manuals, and regulations. No hard surface pavement shall be cut or street broken by the Grantee without first obtaining a permit from the Grantor, which requires a plan submittal and approval before installation begins.

(2) Undergrounding and Pole Use. The cable communications system cables, wires, and associated equipment or facilities shall be placed underground in areas of the franchise territory where telephone and electric utility lines are underground. At no time shall the cable system be the only aerial facility. Undergrounding of Grantee's equipment and facilities shall be done in compliance with code provisions of the Grantor, and in cooperation with the telephone company and electric utility board operating in the area. In all matters relating to undergrounding, Grantor shall not discriminate against Grantee with respect to any requirements imposed or benefits conferred upon telephone or electric utilities, except as such benefits to telephone or electric utilities are required by State law and the same benefits to Grantee are not required by State law. Arrangements shall be made by the Grantee with the telephone company or utility board for the use of existing poles in areas where the utilities are above ground, and no poles shall be erected by the Grantee without prior approval of the Grantor. Before placing equipment or facilities underground, or above ground, it shall be the responsibility of Grantee to determine whether necessary easements exist, and except as otherwise provided in this ordinance, to secure easements, if needed, and to show said easements on each plan submitted for proposed construction.

(3) Restoration and Repair of Streets. Whenever the Grantee disturbs any of the streets, it shall restore them according to the adopted standard specifications of the

Grantor. The Grantor shall have the right to fix a reasonable time within which such restoration and repair of streets shall be completed, and upon failure of Grantee to make the restoration and repair within the allotted time, the Grantor may cause such restoration and repair to be made at the expense of Grantee.

(4) Grantor's Use of Streets. Nothing in this franchise shall be construed in any way to prevent the proper authorities of the Grantor from sewerage, grading, planking, rocking, paving, repairing, altering, or improving any of the streets, alleys, easements, avenues, thoroughfares, and public ways within the franchise territory in or upon which the poles, wires, or other equipment of said Grantee shall be placed. All such work or improvements shall be done, if possible, so as not to obstruct or prevent the free use of said poles, wires, conduits, or other equipment.

(5) Tree Trimming. Where tree trimming is necessary on public streets for the operation of the lines, wires, cables, and antennas or other appurtenances of the Grantee, the trimmings shall be done by competent employees, agents, or contractors of the Grantee after application for and granting of a written permit by the Grantor, and it shall be done without cost or expense to the Grantor.

(6) Grantor's Use of Poles. Grantor reserves to itself the right at any time to use the poles and other installations of Grantee erected or installed under the authority granted in this ordinance for any Grantor-owned facilities of whatsoever nature, but it is agreed that such use shall not interfere or compete with Grantee's present or future use thereof. Grantor shall hold Grantee harmless from any and all liability which may arise as a result of its use of Grantee's poles or other installation.

(7) Equipment Maintenance. Grantee shall at all times keep and maintain all of its poles, fixtures, conduits, wires, and its entire system in a good state of repair and shall indemnify and save harmless the Grantor of and from any and all damages of any kind or character growing out of or arising by reason of Grantee's failure to so maintain the cable communications system.

(8) Temporary Removal of Facilities.

(a) Grantee shall at its expense protect, support, temporarily disconnect, or relocate any of its equipment when required to do so by Grantor by reason of traffic conditions, public safety, street vacation, freeway and street construction, change or establishment of street grade, installation of sewers, drains, water pipes, power lines, signal lines, and tracks, or any other type of structures or improvements by the Grantor or such duly established utility boards as the Eugene Water & Electric Board or the Springfield Utility Board.

(b) Grantee shall, within 7 days of written request of any person holding an appropriate permit issued by the Grantor, temporarily raise or lower its lines or other equipment to permit the moving of any building or other structure, machinery, or object, and the actual expense of the same shall be paid by the person making the request. The person making the request will indemnify and save harmless said Grantee of any and all damages or claims of whatsoever kind or nature caused directly or indirectly from such temporary rearrangement of the

equipment of the Grantee and, if required by Grantee, shall provide a cash deposit or a good and sufficient bond to pay any and all such costs as estimated by Grantee.

(c) All installations, rearrangements, removals, and lowering or raising of aerial cables or wiring or other apparatus shall be done in conformance with the requirements of the National Electrical Code, and the laws of the State of Oregon and the ordinances of the Granter.

(9) Maps and Records. The Grantee shall file with the Granter a system "as-built" map drawn to accurate scale, and shall amend the map annually or as often as necessary to keep the Granter informed as to the location of all facilities installed in the franchise territory. The map shall clearly indicate the location of trunks, distribution of lines, and amplifiers within the public rights-of-way. Location of subscriber service drops in a specified area shall be provided promptly by Grantee upon Grantor's request in connection with activities set forth in Subsections (4) and (8) of this section.

(10) Emergency Removal of Facilities. Subject to applicable law, if, because of fire, disaster or conditions creating an imminent threat to life or property, it becomes necessary in the reasonable judgment of the Granter to cut or move any of Grantee's cable communication system, such cutting or moving may be done and any repairs rendered necessary thereby shall be made by Grantee, at its sole expense. Nothing in this subsection shall give third-parties a basis for avoiding Grantee's claim against such third parties.

(11) Alternate Routing of Facilities. In the event the public interest requires continued use of a street be denied to the Grantee by Grantor, the Grantee shall provide service to affected subscribers over such alternate routes as shall be determined by Grantee within a reasonable period of time.

Section 10. Payment to Grantor.

(1) Franchise Fee. As compensation for the franchise granted herein for the construction, operation, maintenance and reconstruction of a cable communications system within the franchise territory, the Grantee shall pay to the Grantor an annual amount equal to five percent (5%) of the Grantee's gross annual revenues as defined in section 3 herein.

(2) Payment Schedule. Payments due the Grantor under this provision shall be computed quarterly, for the preceding quarter, as of March 31, June 30, September 30, and December 31. Each quarterly payment shall be due and payable no later than 60 days after the dates listed in the previous sentence.

(3) Late Penalty. The Grantee shall furnish to Grantor, with each payment of compensation required by this section, a written statement under oath, executed by an authorized agent of the Grantee, showing the amount of gross annual revenues of the Grantee within the franchise territory for the period covered by the payment

computed on the basis set out in Subsection (1) of this section. The compensation for the period covered by the statement shall be computed on the basis of the gross annual revenues so reported. If the Grantee fails to pay the entire amount of compensation due the Grantor, through error or otherwise, within the times allotted for payment in Subsection (2) above, the amount of the fee due for that quarter and not timely paid shall be subject to a late penalty of an additional ten percent (10%) plus interest of one percent (1%) per month on the amount of fee due and unpaid from the date due until it is paid together with the late penalty.

(4) Verification of Amount Due. No acceptance of any payment shall be construed as an accord that the amount paid is in fact the correct amount, nor shall such acceptance of payment be construed as a release of any claim the Grantor may have for further or additional sums payable under the provisions of this franchise. All amounts paid shall be subject to audit and recomputation by the Grantor and all records required to conduct such an audit shall be made available to Grantor at the expense of the Grantee.

(5) In addition to the franchise fees required by this section, Grantee shall pay to the Commission on or about March 1 of 2007 and 2008 \$50,000 per year. Beginning on or about March 1, 2009, and on or about said date each year thereafter for the remaining term of this franchise, Grantee shall pay to the Commission \$100,000 per year. Money received by the Commission under this subsection shall be used only for capital costs related to public, educational and governmental access facilities including but not limited to access center equipment acquisition or replacement. Payments under this subsection may, at Grantee's sole discretion, be made quarterly at the same time franchise fee payments are made pursuant Section 10(1). Grantee's right, if any, to pass through and itemize amounts collected from residential subscribers for payments required pursuant to this section is governed by provisions of federal or state law.

(6) The commission's and Grantor's reasonable costs including but not limited to technical, financial and legal fees, for franchise review, renewal, transfer and assignment shall be paid by Grantee upon conclusion of the matter.

(7) Compensation Not a Credit Against Certain Taxes and Fees. Subject to applicable law, nothing contained in this franchise shall give the Grantee any credit against any nondiscriminatory utility tax or nondiscriminatory business tax, or ad valorem property tax, now or hereafter levied against real or personal property within the franchise territory, or against any local improvement assessment imposed on Grantee's property or against any permit fees or inspection fees required by the construction codes or other ordinances of the Granter which are or may hereafter be adopted.

Section 11. Performance Bond and Liability Insurance.

(1) Performance Bond. Upon being granted a franchise, and upon the filing of the acceptance required under Section 16(1) hereof, Grantee shall file with Grantor and shall thereafter, annually, during the entire term of such franchise, maintain in full force and effect a corporate surety bond or other adequate surety agreement in the amount of

\$25,000. The bond or agreement shall be so conditioned that in the event that Grantee shall fail to substantially comply with one or more of the provisions of such franchise, then there shall be recoverable jointly and severally from the principal and surety any damages or loss, or costs suffered or incurred by the Grantor as a result thereof, including reasonable attorneys' fees and costs of any action or proceeding, and including the full amount of any compensation, indemnification, cost of removal or abandonment of any property, or other costs which may be in default, up to the full principal amount of such bond. Such condition shall be a continuing obligation during the entire term of such franchise and thereafter until Grantee shall have satisfied in full any and all obligations to the Grantor which arise out of or pertain to said franchise. In lieu of the bond agreement, Grantee may deposit cash with the Grantor or in a Federal or State of Oregon bank or savings and loan association on terms and conditions approved by the Grantor and the Grantee. Neither the provisions of this section, and any bond accepted by the Grantor pursuant thereto, nor any damages recovered by Grantor thereunder, nor any withdrawal from any cash deposit shall be construed to excuse faithful performance by Grantee or to limit the liability of Grantee under this ordinance for damages, either to the full amount of the bond or otherwise.

(2) Proof of Performance Bond. Upon the effective date of this franchise, Grantee shall furnish to Grantor proof of a cash deposit as provided in Subsection (1), or shall furnish a bond, as required in Subsection (1), containing the following endorsement:

It is hereby understood and agreed that this bond may not be cancelled nor the intention not to renew be submitted until 30 days after receipt by the Finance Director of the City of Eugene, City of Springfield and Lane County by registered mail of a written notice of such intent to cancel or not renew.

(3) Indemnification. Grantee shall indemnify, defend and save harmless the Grantor, its elective and appointed boards, commissions, officers, agents and employees from and against any and all claims, actions, suits, liability, loss, cost, expense, or damage of any kind or description which may accrue to or be suffered by the Grantor by reason of the exercise of the rights and privileges herein including but not limited to the erection, construction, reconstruction, relocation, replacing, readjustment, repair, maintenance, or operation of the cable communications system, or by reason of anything that has been done or may be done by the Grantee hereunder which may in any way cause liability by reason thereof.

(4) Reimbursement of Costs. The Grantee shall pay all reasonable expenses incurred by the Grantor in defending itself with regard to all damages and penalties mentioned in Subsection (3) above. These expenses shall include all reasonable out-of-pocket expenses, such as consultant or attorney fees.

(5) Insurance.

(a) The Grantee shall provide and maintain general liability and automobile liability insurance in the following minimum amounts:

(i) General liability, including comprehensive form, personal injury,

broad form property damage, contractual, and premises/operation coverage in limits of One Million Dollars (\$1,000,000) aggregate, bodily injury and property damage combined; and

(ii) Automobile liability in limits of One Million Dollars (\$1,000,000) bodily injury and property damage combined.

(iii) Additionally, Workers' Compensation Insurance in at least the minimum statutory amounts shall be maintained.

All liability insurance policies shall specify Grantor, its elective and appointive boards, commissions, officers, agents and employees as additional insureds. A Certificate of Insurance shall be provided to the Grantor prior to performance pursuant to this ordinance.

(b) All insurance carriers providing the coverage described in this section shall be fully licensed to offer insurance in the state of Oregon.

(6) Notice of Cancellation or Reduction in Coverage. The insurance policies mentioned above shall contain an endorsement stating that the policies are extended to cover the liability assumed by the Grantee under the terms of this ordinance and shall contain the following endorsement:

It is hereby understood and agreed that this policy may not be cancelled nor the amount of coverage thereof reduced until 30 days after receipt by the Finance Director of the City of Eugene, City of Springfield and Lane County by registered mail of a written notice of such intent to cancel or reduce the coverage.

(7) Evidence of Insurance Filed with Grantor. Certificates evidencing all policies of insurance shall be filed and maintained with the Granter during the term of the franchise.

(8) No Waiver of Performance Bond. Neither the provisions of this franchise nor any insurance accepted by the Grantor pursuant hereto, nor any damages recovered by the Granter thereunder, shall be construed to excuse faithful performance by the Grantee or limit the liability of Grantee under the franchise for damages, either to the full amount of the bond or otherwise. Nor shall maintenance of insurance pursuant to this section be construed to impose liability to third parties on Grantee for loss expense or damages otherwise allocated under provisions of this ordinance.

Section 12. Responsibilities to Public.

(1) Repair. Any damage caused to the property of building owners or users or any other person, by the Grantee, shall be repaired fully and promptly by the Grantee.

(2) Removal of Facilities Upon Request. Upon termination of services to any subscriber, the Grantee shall remove promptly all its above ground external facilities and equipment from the premises of the subscriber at the owner's written request.

(3) Complaint Procedures and Inquiries.

(a) Grantee shall maintain an office in the city of Eugene and the city of Springfield which shall be open during all the usual business hours with its telephone listed in directories of the telephone company serving the franchise territory, and be so operated that complaints and requests for repairs or adjustments may be received at any time, day or night, seven days a week. The phone number and address of this office shall be furnished to each subscriber by the Grantee.

(b) Grantee shall equip and staff so as to assure that subscribers calling the office do not encounter, on the average, unreasonably high percentages of busy signals or unreasonably long hold times before reaching a customer service representative. If the commission feels that the busy times or average hold times over a period of three to six months has been unreasonable, the commission will notify the Grantee. The Grantee will have an opportunity to meet with the Commission to outline the corrective measures it will take or to explain why it believes that busy times or hold times have not been unreasonable. If the commission feels, after repeated notification, that the Grantee's telephone service is unreasonable and unacceptable, the commission and Grantee shall meet and establish phone standards and procedures for monitoring said standards.

(c) Except as provided in paragraph (d) of this subsection, original records including service records pertaining to complaints received by the Grantee, and of the office procedures followed to satisfy those complaints, shall be maintained by the Grantee for a period of not less than 3 years in Lane County, Oregon, and made available for inspection by the commission on reasonable notice to the Grantee. This record shall be considered by the commission in evaluating Grantee's system.

(d) Grantee may annually summarize complaints received regarding programming and then destroy the original records regarding these complaints if it files a written copy of the summary with the commission.

(4) Maintenance of Service.

(a) Grantee shall maintain a repair and troubleshooting force capable of responding to subscriber complaints within 2 working days after receipt of the complaint, other than as may be due to circumstances beyond the reasonable control of the Grantee. No charge shall be made to the subscriber for maintenance of Grantee's system unless the subscriber has negligently or intentionally caused the damage.

(b) Grantee shall put, keep, and maintain all parts of the cable communications system in good condition throughout the entire period of this permit.

(c) The Grantee shall render efficient service, make repairs promptly, and interrupt service only for good cause and for the shortest time possible. Such

interruptions, insofar as possible, shall be preceded by notice and shall occur during periods of minimum use of the system.

(d) In the event that a subscriber complaint regarding Grantee's performance of this franchise is not resolved to the mutual satisfaction of the subscriber and the Grantee, either the subscriber or the Grantee may request that the matter be presented to the commission for resolution by the commission or its designee. Nothing in this paragraph 12(4)(d) or in a decision of the commission under this paragraph shall limit a subscriber's or the Grantee's rights to seek judicial resolution of the matter.

(e) When there have been similar complaints made or where there exists other evidence, which in the judgment of the commission casts doubt on the reliability or quality of cable service, the commission shall have the right and authority to compel the Grantee to test, analyze, and report on the performance of the system. Such test or tests shall be made, and the reports of such test or tests shall be delivered to the commission, within 14 days after the same have been requested by the commission. Such report(s) shall include the following information: the nature of the complaint(s) which precipitated the special tests, the system component(s) tested and the equipment used and procedures employed in said testing, the results of such tests, and the method in which such complaints were resolved. Any other information pertinent to the special test(s) shall be recorded and reported.

At the commission's option, said tests and analyses shall be supervised at the Grantee's expense by a professional engineer not on the permanent staff of the Grantee. The aforesaid engineer shall sign all records of special tests and forward the same to the commission within the time prescribed, with a report interpreting the results of the tests and recommending actions to be taken by the commission and/or Grantee.

The commission's right under this provision shall be limited to requiring tests, analyses, and reports covering specific subjects and characteristics based on complaints or other evidence which afford reasonable grounds to believe substandard cable service is being provided.

(f) In addition to testing under 12(4)(e), the commission may at any time employ at its own expense a registered qualified engineer to test, analyze, and report on the performance of the system. To the extent that it will not materially impair the ability of the Grantee to construct, operate and maintain the system, to provide quality cable service or otherwise comply with the ordinance, Grantee agrees to make all of its testing equipment available at not charge or cost to the engineers selected by the commission to perform these tests; provided, however, that the Grantor indemnify the Grantee for any damages relating to the use of the equipment by the engineer.

(5) Monitoring and Cable Tapping Prevention. Grantee shall not monitor or tap any subscriber terminals unless such procedures are authorized by federal or state law, or unless prior written authorization from the subscribers affected is first obtained.

(6) **Subscriber Privacy.** Except as provided otherwise in Section 631 of the Federal Act and this Ordinance, without the consent of the subscriber Grantee shall not sell, or otherwise make available a subscriber's name or address, or any list which identifies a subscriber's viewing habits by name or address, to any person, agency, or entity.

(7) **Grantee Rules and Regulations.** The Grantee shall have the authority, consistent with applicable laws and FCC rules and regulations, to promulgate from time to time such rules, regulations, terms, and conditions governing the conduct of its business with subscribers as shall be reasonable and necessary to enable the Grantee to exercise its rights and perform its obligations under this franchise. Two (2) copies of all rules, regulations, terms, and conditions, including subscriber agreements promulgated under this section, together with any amendments, additions, or deletions thereto, shall be kept current on file with the commission. An additional copy thereof shall be maintained for public inspection during normal business hours at Grantee's offices in Eugene and in Springfield and no such rules, regulations, terms, conditions, or amendments, additions, or deletions thereto shall take effect unless and until so filed.

(8) **Equal Employment Requirements.** Grantee shall adhere strictly to the equal employment opportunity requirements of the Federal Act and the regulations of the Federal Communications Commission, as expressed in Section 76.13(a)(8) and 76.311 of Chapter I of Title 47 of the Code of Federal Regulations. Grantee shall comply at all times with all other valid and applicable Federal, State, City and County laws relating to nondiscrimination.

(9) **Subscriber Satisfaction Survey.** At least once a year, Grantee shall conduct a survey of its subscribers for the purpose of determining satisfaction with the services provided by Grantee. The content, form and method of survey shall be agreed upon by the commission and Grantee before the survey is conducted. Grantee shall submit the results of such survey to the commission upon request and shall maintain for six months after reporting the survey results to the commission the individual responses to the survey.

Section 13. Reports and Records.

(1) Annually, within 150 days after the close of the fiscal year for which the financial records of the Grantee are maintained, Grantee shall file with the commission the following reports:

- (a) Total number of subscribers at the end of the fiscal year.
- (b) Number of subscribers added during the year.
- (c) Number of subscribers lost during the year.
- (d) Number of miles of cable added to the system during the year
- (e) Number of miles of cable equipment rebuilt or replaced during the year.

(f) Summary of other additions to the system in terms of increased channel capacity or technological improvements made during the year.

(g) Outline of plans for expansion and improvement of the system in the next fiscal year.

(h) The financial status of the cable communications system, using the format agreed upon by Grantee and the commission, or such uniform format as may be provided by the FCC. Financial information shall include those reports which the commission reasonably determines are necessary for franchise administration and reflect the operation of the Eugene/Springfield/ Lane County cable communications system. Each report shall be signed by an authorized agent of the corporation and an accountant who participated in its preparation or review.

(i) An annual report prepared by an independent certified public accountant substantiating the franchise fee required by subsection 10(1) as paid by Grantor for the previous year.

(2) **Copies of Reports.** Copies of all petitions, applications, and communications submitted by the Grantee to the Federal Communications Commission or any other Federal or State regulator, commission, or agency having jurisdiction in respect to any matters relating specifically to operation of the cable communications system authorized pursuant to this franchise and having a significant impact thereon shall also be submitted to the commission or Grantor upon request.

(3) **Cost of Reports.** The cost of preparing and furnishing to the commission the records and reports required by this section shall be borne by the Grantee.

(4) **Documentation.** Documentation for the financial report required by Subsection (1)(h) above shall be made available for inspection by Grantor without delay and at Grantee's expense.

Section 14. Solicitation by Grantee. Grantee may solicit subscribers for any of Grantee's services through house-to-house or place-to-place solicitation without the necessity of obtaining a license, permit, or other form of approval from the Grantor, provided Grantee shall maintain an up-to-date list of solicitors on file with the commission and local law enforcement agencies.

Section 15. Resolution of Disputes.

(1) **Intent.** It is the intent of the Grantor to provide for orderly resolution of disputes arising out of the enforcement or interpretation of provisions of this franchise, or any rule, regulation, or procedure relating to cable communications matters. To this end, the procedures set forth in Subsections (2) and (3) below may be implemented upon the election of either the Grantee or Grantor where agreement has not been reached after a reasonable time and good faith negotiation. In addition, any controversy or dispute may be submitted to binding arbitration as set forth in

Subsection (4) below, but only upon agreement of both Grantee and Grantor.

(2) Fact-Finding. Any controversy or dispute, upon the election of either the Grantee or Grantor, shall be submitted to an expert individual acceptable to both parties for an investigation of the facts and a report thereof. Such fact-finding shall be for the purpose of developing better information for the use of both parties and shall not be binding on either party.

(3) Mediation. Any controversy or dispute, upon the election of either the Grantee or Grantor, shall be submitted to an expert individual acceptable to both parties for the purpose of facilitating discussion and receiving new perspectives on the issues and new proposals for compromise. Such mediation shall not be binding on either party.

(4) Arbitration. Upon agreement of Grantee and Grantor, any controversy or dispute may be submitted for arbitration to a single expert individual if both parties agree, or to a three-member expert panel. In rendering a decision the arbitrator(s) may not impinge on any right given Grantor or Grantee by federal law unless the party whose right is impinged upon has consented thereto in writing or expressly waived pursuant to the terms of this ordinance. On matters that are arbitrated or within the discretion of either party, the arbitrator(s) shall decide taking into account:

- (a) The limits on Grantor's authority under state and federal law.
- (b) The historic relationship of the parties as evidenced by the existing franchise and its predecessor franchises.
- (c) The provisions of other franchises governing comparable systems.
- (d) The provisions of other franchises Grantee has entered into since the last review of the existing franchise.
- (e) The future cable-related community needs and interests as then defined by the commission and by the Grantee taking into consideration the costs associated therewith.

Arbitration shall be binding on both parties and shall be held to have been finally adjudicated and settled in accordance with ORS 33.210-33.340.

(5) Selection Procedures.

(a) In the case of fact-finding or mediation, both parties shall present a maximum total of three names each for possible service as experts. If there is no agreement on any of the names, the presiding judge of the Circuit Court of the State of Oregon, for the County of Lane, or his/ her designee shall select a person to fulfill the function of expert.

(b) In the case of arbitration, if both parties agree within 20 days of the

notice to arbitrate, one person may serve as arbitrator. In the absence of agreement, there shall be an arbitration panel of three members designated within 30 days of the notice to arbitrate. If a single-member panel is agreed upon, the selection procedures established for fact-finding and mediation shall be used to select the single arbitrator. If a three-member panel is to be used, one person shall be named by the Grantee, one person shall be named by the commission and a third person shall be named by agreement between the Grantee's and the commission's representative on the panel. The third person shall serve as the presiding officer of the panel. If there is no agreement on the single arbitrator or the presiding officer of a three-member panel, the selection shall be made by the presiding judge of the Circuit Court of the State of Oregon, for the County of Lane, or his/ her designee. Except upon agreement of the Grantee and the commission, the hearing before the arbitrator(s) shall occur in Eugene or Springfield, Oregon and the decision of the arbitrator(s) shall be rendered within 60 days of the selection of the arbitrator(s).

Section 16. Duration, Renewal, and Renegotiation.

~~**(1) Duration and Renewal. This franchise and the rights and privileges granted herein shall remain in effect until December 30, 2024, unless terminated sooner under provisions of Subsection (4) of this section. Renewal of the Grantee's franchise at the end of such term shall be governed by and comply with the provisions of applicable law then in effect.**~~ **This franchise and the rights and privileges granted herein shall remain in effect until December 30, 2022, unless terminated sooner under provisions of Subsection (4) of this section. Renewal of the Grantee's franchise at the end of such term shall be governed by and comply with the provisions of applicable law then in effect.**

(2) Franchise Review.

(a) A review of the franchise performance may be undertaken ~~upon~~ ^{at the} agreement of the Grantee and Commission.

(b) Upon request of either the Commission or Grantee, a review of franchise performance may be undertaken once after August 1, 2013. As a result of such franchise performance review, the Commission and Grantee may negotiate modifications or revisions to the franchise upon mutually acceptable terms and conditions.

(c) After January 1, 2013 but before August 1, 2013, Grantee shall submit a report to the Commission on the performance of the system under the franchise. The report shall include:

- (i) The channel capacity and plans for additional channels;
- (ii) Service extension policies set forth in Section 7;
- (iii) Technical adequacy of the system, including, but not limited to,

picture quality, two-way transmission capacity, and compliance with standards sets forth in Section 8;

(iv) Changes in the Federal Act or FCC authority, rules, or regulations which, in Grantee's opinion, might affect the franchise; and

(v) The franchise fee payments set forth in Section 10 and financial support for public, education, and governmental access.

(d) The Grantee shall be represented during review negotiations by a representative of the company authorized to speak on questions or corporate practice, policy, and plans.

(3) Termination.

(a) The Grantor reserves the right to terminate this franchise and all rights and privileges pertaining thereto, in the event that:

(i) The Grantee violates any material provision of this franchise, except where such violation is without fault, or occurs by reason of excusable neglect;

(ii) The Grantee deliberately fails to operate the system without prior approval of the commission or without just cause; or

(iii) The Grantee intentionally evades any of the provisions of this franchise, or is found to have practiced any fraud or deceit upon the Grantor.

(b) Prior to any termination proceedings under this section, the Grantee shall be given 60 days of notice in writing, which notice shall state with particularity the grounds upon which the Grantor relies. If, at the end of the 60-day period, the Grantee has not cured the matter which provides grounds for termination, or if said default cannot be cured within 60 days and Grantee has failed to promptly notify Grantor of a date certain by which the default shall be cured or fails to initiate the remedy and proceed with all reasonable dispatch to cure the default, the franchise shall be subject to termination.

(c) Termination under this subsection shall be accomplished only by the passage of an ordinance after proceedings affording Grantee due process of law and a full opportunity to be heard consistent with the hearing procedures set forth in Eugene Code Sections 2.391-2.400 as such procedures exist at the time this ordinance is adopted. Any such ordinance shall not take effect sooner than 30 days after passage and shall be subject to judicial review.

Section 17. Change of Ownership.

(1) Transfers and Assignments.

(a) This franchise shall not be assigned or transferred, either in whole or in part, or leased, sublet, or mortgaged in any manner, nor shall title hereto, either legal or equitable, or any right, interest, or property therein, pass to or vest in any person without the prior written consent of the Grantor. However, without the commission's consent Grantee may transfer or assign the franchise to an affiliate of Grantee provided the transferee or assignee is wholly-owned by Grantee or by Grantee's owner. The proposed assignee must show financial responsibility as determined by the Grantor and must agree to comply with all provisions of the franchise. Grantor shall be deemed to have consented to a proposed transfer or assignment in the event its refusal to consent is not communicated in writing to Grantee within 60 days following receipt of written notice of the proposed transfer or assignment.

(b) The Grantee shall promptly notify the Grantor of any actual or proposed change in, or transfer of, or acquisition by any other party of, control of the Grantee. The word "control" as used herein is not limited to major stockholders but includes actual working control in whatever manner exercised. Every change, transfer, or acquisition of control of the Grantee shall make the franchise subject to cancellation unless and until the Grantor shall have consented thereto, which consent will not be unreasonably withheld. For the purpose of determining whether it shall consent to such change, transfer, or acquisition of control, the Grantor may authorize the commission to inquire into the qualifications of the prospective controlling party, and the Grantee shall assist the commission in any such inquiry. If the Grantor does not authorize an inquiry by the commission within 30 days after notice of the change or proposed change is received from the Grantee, the Grantor shall be deemed to have consented.

(2) Grantor's Right to Purchase of System Upon Termination. In the event that the Grantor terminates the franchise prior to the end of the franchise term, the Grantor shall have the right to purchase the cable communications system at an equitable price as defined in subsection 627(b)(1) of the Federal Act. Under no circumstances shall any valuation be made for "good will" or any right or privilege granted by this franchise.

(3) Continuity of Service Mandatory.

(a) It shall be the right of all subscribers to continue receiving service insofar as their financial and other obligations to the Grantee are honored. In the event that the Grantee elects to overbuild, rebuild, modify, or sell the system, or the Grantor gives notice of intent to terminate this franchise, or if this franchise is not renewed, the Grantee shall use best efforts to ensure that all subscribers receive continuous, uninterrupted service. In the event of a change of Grantee, or in the event a new operator acquires the system, the current Grantee shall cooperate with the Grantor in maintaining continuity of service to all subscribers, and shall be entitled to the revenues for any period during which Grantee operates the system.

(b) In the event the Grantee fails to operate the system for 7 consecutive days without prior approval of the commission or without just

cause, the commission shall operate the system until such time as a new operator is selected. If the commission is required to fulfill this obligation for the Grantee, the Grantee shall reimburse the commission for any costs or damages that are the result of the Grantee's failure to perform.

(4) Foreclosure. Upon the foreclosure or other judicial sale of all or a substantial part of the system, or upon the termination of any lease covering all or a substantial part of the equipment comprising the system, the Grantor shall have the right, at its discretion, to terminate the franchise, which termination shall be final and binding upon both parties; such option shall be exercised not later than 60 days following foreclosure, other judicial sale or termination of such lease, or Grantor shall be deemed to approve of such successor in interest to Grantee.

(5) Receivership. The Grantor shall have the right to terminate this franchise 120 days after the appointment of a receiver, or trustee, to take over and conduct the business of the Grantee, whether in receivership, reorganization, bankruptcy, or other action or proceeding, unless such receivership or trusteeship shall have been vacated prior to the expiration of said 120 days, or unless:

(a) Within 120 days after his/her election or appointment, such receiver or trustee shall have fully complied with all the provisions of this franchise and remedied all defaults thereunder; and

(b) Such receiver or trustee, within said 120 days, shall have executed an agreement, duly approved by the court having jurisdiction in the premises, whereby such receiver or trustee assumes and agrees to be bound by each and every provision of this franchise.

(6) Grantor Purchase of System Upon Expiration. The Grantor shall have the right to purchase the cable communications system upon expiration of this franchise. Should the Grantor decide to purchase the system, it shall do so at a price equal to its then fair market value as a going concern but with no value allocated to this franchise.

(7) Disposition of Facilities.

(a) Subject to federal, state and local law, upon expiration of the franchise, the Grantee, upon request of the Grantor, shall promptly remove all of its equipment above ground in the public right-of-way.

(b) In removing its equipment, the Grantee shall refill, at its own expense, any excavation that shall be made by it and shall leave all public ways and places in as good condition as that prevailing prior to the Grantee's removal of its equipment and appliances, without affecting the electric or telephone cables, wires, or attachments. Such restoration of property shall not be considered completed until the Grantor has inspected and approved the condition of the public ways and places. The liability insurance and indemnity as provided under Section 11 herein shall continue in full force and effect during the period of

removal.

(c) In the event of a failure by the Grantee to complete any work required by Subsection (a) above or any work required by law or ordinance within the time as may be established by the Grantor or to the satisfaction of Grantor, the Grantor may cause such work to be done and the Grantee shall reimburse the Grantor the costs thereof within 30 days after receipt of an itemized list of such costs, or the Grantor may recover such costs as provided in Section 11.

Section 18. Payment of Litigation Costs. In any judicial litigation or appeal, costs including filing fees, costs of depositions, discovery, expert witnesses, all other expenses of suit, and reasonable attorney fees shall be paid as determined by the courts.

Section 19. Penalties. Subject to the requirement of prior notice as set forth in (d) below, for violations of this ordinance occurring without just cause or excusable neglect, Grantor may, at its discretion, assess penalties against Grantee as follows:

(a) For failure to adhere to material representations made in the map and plan referred to in Section 7(3), \$200 per day for each representation not fulfilled.

(b) For failure to provide information or reports as required by terms of the ordinance, \$50 per day for each failure to perform a specific requirement.

(c) For failure to make a good faith effort to correct a subscriber service problem after notice from the commission, \$50 per day for each such failure, except that should the penalty amount to more than \$1,000 for any continuous period during which a penalty(ies) under this section is being applied, Section 15 procedures may be invoked by either Grantor or Grantee regarding any continuing penalties over \$1,000 and the arbitration procedure of Section 15 shall apply without agreement of both Grantee and Grantor, but upon the request of either one. Should the arbitrator(s) determine that Grantee's effort was in good faith, Grantee shall be refunded the penalty amount previously paid.

(d) As a condition precedent to imposition of a penalty, Grantor shall give Grantee written notice specifying the nature of Grantee's violation of this ordinance with reasonable particularity. Notice shall be by certified United States mail with a return receipt requested, and shall be deemed given when actually delivered or as of 5 p.m. on the third day following the date actually mailed. Except for violations creating an imminent threat to life or property which shall be corrected within the time stated in Grantor's notice or Grantee shall be subject to penalty, Grantee shall be subject to a penalty if the violation of the ordinance is not cured within 30 days after notice is given or in the event the violation cannot be cured for reasons beyond the control of Grantee within 30 days, it shall be sufficient if Grantee initiates all reasonable measures to cure the violation within 30 days and continues thereafter with all reasonable dispatch to cure the violation; provided, in any event the violation must be cured not later than 60 days after notice is given. Notice shall be given pursuant to Section 24.

Section 20. Remedies Not Exclusive. All remedies and penalties under this ordinance, including termination of the franchise, are cumulative, and the recovery or enforcement of one is not a bar to the recovery or enforcement of any other such remedy or penalty. The remedies and penalties contained in this ordinance, including termination of the franchise, are not exclusive, and the Grantor reserves the right to . enforce the penal provisions of any ordinance or resolution and to avail itself of any and all remedies available at law or in equity. Failure to enforce shall not be construed as a waiver of any term, condition, or obligation imposed upon the Grantee pursuant to this ordinance. A specific waiver of a particular term, condition, or obligation imposed upon Grantee by or pursuant to this ordinance shall not be a waiver of any other or subsequent or future breach of the same or of any other term, condition or obligation itself.

Section 21. Force Majeure. In the event that the Grantee's performance of any of the terms, conditions, obligations or requirements of this franchise is prevented or impaired due to any cause beyond its reasonable control or not reasonably foreseeable, such inability to perform shall be deemed to be excused and no penalties or sanctions shall be imposed as a result thereof for the period of time Grantee's performance is so prevented or impaired.

Section 22. Access Programming. The commission may operate and control the access center and the four access channels as provided in Section 5 of this ordinance when used for noncommercial purposes. The commission's use of the access channels shall have priority over other uses except upon prior approval by the commission. The commission shall adopt rules and regulations for the operation and control of the access center and use of the access channels, none of which shall be contrary to Grantee's obligations under the law. The rules and regulations shall a) prohibit the presentation of any advertising material designed to promote the sale of commercial products or services (including advertising by or on behalf of political candidates for office), lottery information, and obscene or indecent matter; b) require nondiscriminatory access and rates; c) require the maintenance of records regarding request for and use of the access center and access channels; and d) provide for public inspection of the records and further provide Grantee with copies thereof weekly.

Section 23. Severability. If any section, subsection, sentence, clause, or phrase of this ordinance is for any reason held illegal, invalid, or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions hereof. The Grantor hereby declares that it would have passed this ordinance and each section, subsection, sentence, clause, and phrase hereof irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared illegal, invalid, or unconstitutional. The invalidity of any portion of this ordinance shall not abate, reduce, or otherwise affect any other consideration or obligation required by the Grantee.

Section 24. Notice. Unless expressly agreed between the parties, every notice or response to be served upon the commission, Grantor or Grantee shall be in writing

and delivered by personal service as required by law or by mail. If by mail, notice shall be deemed to have been duly given to the required party three (3) business days after having been posted in a properly sealed and correctly addressed envelope by certified or registered mail, postage prepaid, at a Post Office or branch thereof regularly maintained by the U.S. Postal Service.

The notices or responses to the Grantor shall be addressed as follows:

Lane County
Attn:County Adm.
125 E. 8th Avenue
Eugene, Or97401

with a copy to:

Lane Council of Governments
Attn: Metropolitan Policy Committee
125 East Eighth Avenue
Eugene, Oregon 97401

The notices or responses to the Grantee shall be addressed as follows:

Comcast of Oregon 11

with a copy to:

Comcast of Oregon 11

Robert L. Schroeter,
Government Affairs
Director, Comcast Cable
2897 Chad Drive,
Eugene, OR 97408

Grantor, the commission and the Grantee may each designate such other officer or address(es) from time to time by giving notice to the other.

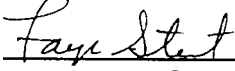

Section 25. Savings Clause. Except as amended herein, all other provisions of Ordinance No. 6-91 remain in full force and effect.

Section 26. Effective Date. This Ordinance shall take effect thirty (30) days after its enactment by the Board of County Commissioners, and acceptance by Grantee. Subject to applicable federal, state and local law, Grantee must accept the provisions of this Ordinance and agree to be bound thereby. Such acceptance shall be in writing signed by an officer of the corporation which is delivered to Grantor within 30 days of enactment of this Ordinance. In the event Grantee fails to deliver its acceptance as provided herein, and notwithstanding any other provision of this Ordinance, Grantor may repeal this Ordinance without further notice to Grantee and without giving Grantee an opportunity to be heard.
